

Official Bat Policy

As of Jan 1, 2012, NSA Canada will be adopting the new 1.20 bpf testing as part of our acceptable standards for 2012 season & beyond.

NSA Canada will also be “grandfathering” all previously approved bats on the NSA Canada approved bat list till Dec 31, 2012. See link below for complete list of approved bats

<http://nsacanada.ca/bats/approved.php>

As of Jan, 1, 2013, bats must have either one or both of these new stamps.

Note: all bats that have prior approval for 98mph testing are of course still legal for play.

Any bats not having these new stamps or prior 98 mph approval will be considered illegal for NSA Canada play.

All bat manufacturers will have to apply to add their “new” stamp bats to the NSA Canada Approved Bat List.

For any questions, please feel free to contact us- info@nsacanada.ca
